LEARNING OBJECTIVES

- Understand and master advanced ligament reconstruction and knee arthroscopy techniques.
- Learn how to Integrate knee osteotomies for joint preservation and deformity correction.
- Learn modern meniscus repair and cartilage preservation strategies.
- Develop surgical plans for primary, complex, and revision knee replacements.
- Hone your decision making skills with interactive case discussions on complex knee sports and arthrplasty cases.
- Refine your skills with hands-on cadaveric training: Basic knee sports surgery, Advanced knee sports surgery, and Primary total knee replacement surgery

CONFERENCE CHAIRPERSON

BRIG. GEN. PROF. FAHAD ALKHALIFA
Commander of the Royal Medical Services

CONFERENCE DIRECTORS

CAPT. DR. FARES NOOR UDDIN
Knee Sports Course Director

Consultant Sports & Upper limb
Surgeon

DR. UMER BUTT
Knee Sports Course Director

Consultant Sports &
Arthroplasty Surgeon

MAJ. DR. AHMAD ALKHALIFA
Knee Arthroplasty Course
Director

Sports & Arthroplasty
Orthopedic Surgeon

DR. AHSAN BUTT
Knee Arthroplasty Course
Director

Consultant Arthroplasty
Surgeon

SPEAKERS

BAHRAIN

1. Brig. Gen. Prof. Fahad Al Khalifa
2. Col. Dr. Khalid AlKuvari
3. Maj. Dr. Ahmed Al Khalifa
4. Capt. Dr. Fares Uddin
5. Dr. Ali Majed
6. Dr. Ahsan Butt
7. Dr. Ali Redha Karashi
8. Dr. Jamal Saleh
9. Dr. Gianluca Cusmà Dovico Guatteri

KSA

1. Dr. Mojieb Monthary
2. Dr. Bader Tayara
3. Dr. Naif Al Hamam
4. Dr. Meshal Alfaraidy
5. Dr. Sulaiman Almousa
6. Dr. Moaad Alfaraidy
7. Dr. Mohammad Alzahrani
8. Dr. Omar Dahduli

REGIONAL/ INTERNATIONAL

1. Dr. Usama Saleh (UAE)
2. Dr. Fahad Al Khalaf (Kuwait)
3. Dr. Umer Butt (Pakistan)
4. Dr. Yasir Khan (Pakistan)
5. Dr. Imran Shah (Pakistan)
6. Dr. Zeeshan Khan (Pakistan)
7. Ali Albelooshi (UAE)
8. Dr. Philippe Landreau (UAE)
9. Dr. Iosif Gavriilidis (Greece)
10. Dr. Sachin Tapasvi (India)

AGENDA

Day 1 - January 8, 2026

Sports

07:15 – 08:00 Registration

08:00 – 08:05 Introduction & Welcome Speech
Dr. Fares / Dr. Ahsan

08:05 – 08:10 Chairman's Address
Dr. Fahad Al Khalifa

08:10 – 08:15 RMS Robotic Surgery Experience
Dr. Fahad Al Khalifa

EXPERT OPINIONS AROUND ACL

08:15 – 08:25 All inside ACL – if and when?
Dr. Usama Saleh

08:25 – 08:35 ACL Graft choices in 2026 – What is best for your patients
Dr. Ahmed Al Khalifa

08:35 – 08:45 Will preserving the ACL stump improve post-operative stability?
Dr. Khalid Alkuwari

08:45 – 08:55 Latest updates on the ALL/LET & its surgical technique
Dr. Fahad Alkhalaf

08:55 – 09:05 Primary ACL repair: Past, Present and Future
Dr. Khalid Alkuwari

09:05 – 09:15 Revision ACL reconstruction: Current Techniques
and Recommendations
Dr. Umer Butt

AGENDA

EXPERT OPINIONS AROUND LIGAMENTS

09:15 – 09:25	Patella dislocation: is it just the MPFL? Current Updates Dr. Naif Alhamam
09:25 – 09:35	Surgical management of multi-ligament injury about the knee Dr. Philippe Landreau
09:35 – 09:45	How to manage the combined ACL and PCL injury? Dr. Fahad Alkhalaf
09:45 – 09:55	How to manage isolated PCL injuries? Dr. Ahmed Al Khalifa
09:55 – 10:05	High grade, acute MCL injury: should we primarily repair or augment with internal bracing? Dr. Iosif Gavrilidis
10:05 – 10:15	What is new in Posterolateral corner surgeries? Dr. Fahad Alkhalaf
10:15 – 10:25	Dry ACL reconstruction with CO2 insufflator – The future? Dr. Umer Butt
10:25 – 10:40	Tea break - 15 mins

EXPERT OPINIONS AROUND MENISCUS

10:40 – 10:50	Meniscal extrusion. What is the current consensus and management? Dr. Moaad Alfaraidy
---------------	--

AGENDA

10:50 – 11:00	Meniscal ramp and root tears repair techniques and outcomes Dr. Yasir Khan
11:00 – 11:10	Circumferential suture repair in complex/degenerated meniscus: are we doing too much? Dr. Iosif Gavriilidis
11:10 – 11:20	Meniscal transplant technique and outcomes Dr. Philippe Landreau
11:20 – 11:30	Complex Sports Case 1: Interactive Discussion Dr. Umer Butt
11:30 – 11:40	Complex Sports Case 2: Interactive Discussion Dr. Usama Saleh
11:40 – 11:50	Complex Sports Case 3: Interactive Discussion Dr. Iosifidis Gavriilidis
Discussion 5 mins	

EXPERT OPINION AROUND CARTILAGE & BIOLOGICS

11:55 – 12:05	Cellular therapy in cartilage lesion: What is new in ortho-biologics Dr. Naif Alhamam
12:05 – 12:15	Microfracture for cartilage defect: is there still a role? Dr. Jamal Saleh
12:15 – 12:25	Cartilage regeneration after HTO Dr. Ali Redha Karashi

AGENDA

12:25 – 12:35	Osteochondral Allograft transplantation Dr. Moaad Alfaraidy
12:35 – 12:45	Role of PRP in cartilage injury and knee osteoarthritis - latest updates Dr. Imran Shah
12:45 – 01:00	Discussion- Break Time - Lunch (1- 2 pm)
Day 1 Arthroplasty	

THE UNANSWERED QUESTIONS

02:00 – 02:10	Cementless TKR when and why? Dr. Ahsan Butt
02:10 – 02:20	From computer navigation to robotics. Are we winning? Dr. Ali Albelooshi
02:20 – 02:30	From mechanical to kinematic, are we winning? Dr. Gianluca Cusmà Dovico Guatteri
02:30 – 02:40	Medial pivot TKA: Does design really matter in 2026? Dr. Meshal Alfaraidy
02:40 – 02:50	Bilateral Simultaneous TKR by 2 surgeons out comes and results. Dr. Zeeshan Khan
02:50 – 03:00	PFJ replacement. Indications and evidence Dr. Umer Butt

AGENDA

03:00 – 03:10 UKA vs TKR in obese patients what's the evidence.
Dr. Ali Albelooshi

SURGEONS SHOWDOWN SESSION

03:10 – 03:20 Daycare TKA VS Inpatient TKA
Dr. Ahsan Butt (Daycare) vs. Dr. Yasir Khan (Inpatient)

03:20 – 03:30 I always use a Tourniquet in TKA vs You don't have to
use a Tourniquet in TKA
Dr. Jamal Saleh (Tourniquet) vs Dr. Sulaiman Almousa (No Tourniquet)

03:30 – 03:40 24 hours post op Abx is enough for primary TKA VS I'm not convinced
with 24 hours only regime yet
Dr. Zeeshan Khan (24 hrs Abx) vs. Dr. Mohammad Alzahrani (>24 hrs Abx)

03:40 – 03:50 10 min discussion

THE NOT SO CONVENTIONAL TKR

03:50 – 04:00 From conventional to personalized knee arthroplasty. Does it matter?
Dr. Mojieb Manzary

04:00 – 04:10 Meta diaphyseal tibia fracture and advanced OA knee.
Fix first or kill 2 birds with one stone?
Dr. Meshal Alfaraidy

04:10 – 04:20 TKR in patients with a previous patellectomy. My approach and evidence
Dr. Gianluca Cusmà Dovico Guatterì

AGENDA

SURGEONS SHOWDOWN SESSION

- | | |
|---------------|--|
| 04:20 – 04:30 | Always resurface the patella in TKR vs It's a myth:
you don't need to resurface the patella
Dr. Ahmed Alkhalifa (Resurface) vs Dr. Mojieb (Not to Resurface) |
| 04:30 – 04:40 | UKA is here to stay vs UKA is the work of the devil: here's why
Dr. Gianluca Cusmà Dovico Guatteri (Here to stay)
vs. Dr. Yasir Khan (Work of the devil) |
| 04:40 – 04:50 | Complex Knee Arthroplasty Case: Faculty Debate
Dr. Zeeshan Khan |

ANESTHESIA

- | | |
|---------------|---|
| 04:50 – 05:00 | Anesthesia and perioperative pain management in knee arthroplasty
Dr. Shahid Adeel |
| 05:00 – 05:10 | Anesthesia and Perioperative pain management in knee sports surgery
Dr. Keith Johnston |

Day 2 - January 9, 2026

EXPERT OPINION ON OSTEOTOMIES

- | | |
|---------------|--|
| 08:00 – 08:10 | Basic radiological planning of an osteotomy and principles
behind degrees of corrections
Dr. Ali Redha Karashi |
|---------------|--|

AGENDA

08:10 – 08:20	Surgical technique for MOWHTO and how to prevent complications Dr. Fares Uddin
08:20 – 08:30	Distal femoral osteotomy: lateral or medial? Dr. Yasir Khan
08:30 – 08:40	Osteotomy with ACL reconstruction Dr. Mohammad Alzahrani
08:40 – 08:50	Tibial tubercle osteotomy with MPFL reconstruction Dr. Fares Uddin
08:50 – 09:00	Slope - reducing osteotomies Dr. Sachin Tapasvi
09:00 – 09:10	Rotational osteotomies: understanding the basics Dr. Mohammad Alzahrani

KEYNOTE LECTURES

09:10 – 09:20	Keynote Lecture Dr. Sachin Tapasvi
09:20 – 09:40	Conmed Knee Portfolio Maria Romeo

AGENDA

COMPLEX PRIMARY TKR/Trauma - 20 mins (9:00 am - 9:20 am)

- | | |
|---------------|---|
| 09:40 – 09:50 | Use of wedges, cones and sleeves in managing bone loss in primary TKA. How do I decide and what's the evidence?
Dr. Bader Tayara |
| 09:50 – 10:00 | How do I manage extra - articular deformity in primary TKA
Dr. Omar Dahduli |
| 10:00 – 10:10 | Complex trauma around the knee: management and outcomes
Dr. Imran Shah |

COMPLICATIONS & REVISION

- | | |
|---------------|---|
| 10:10 – 10:20 | PJI. How can I reduce the risk? Is it avoidable?
Dr. Sachin Tapasvi |
| 10:20 – 10:30 | DAIR vs. single stage revision. Indications, technique, and evidence.
Dr. Sulaiman Almousa |
| 10:30 – 10:40 | One and a half and 2 stage revision. What is that about?
Dr. Ahsan Butt |
| 10:40 – 10:50 | Updates on Periprosthetic fracture management
Dr. Bader Tayara |
| 10:50 – 11:00 | Complex Arthroplasty Cases 1: Interactive Discussion
Dr. Sachin Tapasvi |

AGENDA

11:00 – 11:10	Complex Arthroplasty Cases 1: Interactive Discussion Dr. Omar Dahduli
---------------	--

11:10 – 11:20	Discussion
---------------	------------

11:20 – 01:00	Prayer and lunch break
---------------	------------------------

Physiotherapy & Rehabilitation

01:00 – 01:10	5 reasons why your ACL rehab is not going as well as you want it to. Dr. Amy Bowzaylo
---------------	--

01:10 – 01:20	ACL rehabilitation: BTB vs Hamstring Isa Eshaqi
---------------	--

01:20 – 01:30	Effect of blood flow restriction combined with electrical stimulation on muscle function and activity Dalal Mohamed
---------------	---

01:30 – 01:40	Return - to - play and player psychology Moad Mohammad
---------------	---

01:40 – 01:50	Robotic versus conventional arthroplasty rehabilitation Shaheen Abulfateh
---------------	--

01:50 – 02:00	Effect of aqua therapy on arthroplasty rehabilitation Mohammad Jassim
---------------	--

02:00 – 02:10	Joint proprioception and static balance before and after total knee arthroplasty Jaya Doss
---------------	--

AGENDA

Dry Lab Workshop

01:00 – 03:00 SAW bone dry workshop:
All inside ACL and Meniscal Repair techniques

Cadaveric Workshops

01:00 – 05:00 Advanced Knee Sports Arthroscopic Workshop - Meniscus,
Cartilage, PCL, MCL, PLC, MPFL

Day 3 - January 10, 2026

Cadaveric Workshops

08:00 – 12:00 Basic Knee Sports Arthroscopic Workshop - Diagnostic, Debridement, ACL

12:00 – 01:00 Break Time -Lunch

01:00 – 03:00 Group 1: Primary Total Knee Arthroplasty Workshop
Group 2: Complex Arthroplasty Interactive Discussion

03:00 – 05:00 Group 1: Complex Arthroplasty Interactive Discussion
Group 2: Primary Total Knee Arthroplasty Workshop
